

without the authority of Law the survey was  
illegal and a Survey made on the Land  
under a legally issued Certificate would  
hold the Land Mr Mosley wrote to Mr  
White Com of the Land Office to get the  
Atys Gen Opinon in writing and if  
not go to Cancel it and as the  
original does returned got it approve  
and I then could make a re survey  
under it that would be good Mr White  
left for home very early the morning  
after I arrived at Austin unexpected  
to me and I did not get to deliver  
Mr Mosleys letter to him I left his letter  
together with the Adj Gen letter to me  
respecting the illegality of the issue  
with Col Taitton for the purpose of  
getting the one legally issued Certificate  
and the ~~one~~ <sup>as I do not think</sup> legal ~~one~~ I enclose  
the Col letter to me ~~and~~ <sup>of</sup> the Commissioner  
is correctly advised with regard to  
this Case If the warrant was legally  
issued I could have no object in  
getting it Canceled as the survey made  
under it would have been good to  
the heirs or any one legally claiming  
under them and not subject to a survey  
under any other Certificate the claim  
will be satisfied upon examination
